Submission: Objection

Comments: I'm 100 percent against this proposal for the change of use! This will bring no benefit to the town and will have a detrimental impact for everyone! Buxton already faces its fair share of problems we do not need this as well, you wouldn't get this in other Peak District towns like Bakewell. Not to mention what it would do to the house prices in an already challenging time economically, I'm sure there are much better uses for the building that would benefit local people! I feel the university are trying to profit from the situation and this is after pulling out of Buxton and taking a big part of the local economy with them.
