Submission: Objection

Comments: I object to the application for an asylum dispersal Centre on the grounds that Buxton has no facilities in place to support these people.

It would increase the strain on existing services, health care, police, social services etc. These services are already struggling to provide adequately for Buxton residents.

There would be a huge number of people hanging around the streets with nowhere to go, this would increase issues of anti social behaviour.

The property is located very near to Fairfield Road which has a huge issue with drug use and anti social behaviour.

I believe the property should be used to help our local community, to provide much needed housing.
