Comments: I strongly object to the planned change of use of High Peak Halls from student residences into the proposed large-scale asylum dispersal centre.

At a time when the general public are struggling more than ever financially..& where there is such great need of places to live for the local population, I feel it far more of a necessity to turn this building into residential accommodation,..in particular affordable homes.

It would be totally inappropriate to use it as an asylum dispersal centre,(with all the implications of that on the resources of the town itself),..when the needs of the local populace are not, at this time, able to be adequately met.
