Comments: The property can't be sold as it has a 25yr lease and there is approx 7 years remaining re student occupancy . This could be used for the NHS as to relieve bed blockage. This accommodation is self contained 1 person flats they're not suitable for families seeking asylum but aimed at the single person. As portrayed by the media these are often young men . We do not know who these are and where they are from and we are presently having a clear hold build initiative. what are we providing for local young single people. Where are these people going to get health care, who is going to pay to help these people re language barrier etc etc our town infrastructure won't sustain asylum seekers
