SK179DU

Submission: Objection

Comments: I believe that this proposal was submitted without the full information that it specifically asks for on the application. The applicant has provided minimal information and appears to state only a change from "students" to "non-students". Everyone involved in this application process, including professionals, residents and the wider community should have been provided with the full relevant information from the start, not just by one short statement.

Derbyshire Police have stated that they have serious concerns around the building being used as an Asylum Dispersal Centre and has expressed added concerns about drugs issues on Fairfield Road and the huge impact this change would have on the area should it be allowed. There are already many vulnerable residents in Buxton and should this centre be allowed, would only make the situation much worse with the lack of important services such as doctors surgeries, dentists and other health services and would be a recipe for disaster. I urge you to seriously consider the huge impact this would have on this town that is also used by many visiting tourists and that this application must be rejected.
