Submission: Objection

Comments: Not appropriate or supportable.

Police objection covers and enforces

most of my issues.

No support mechanisms or facilities available in town- such as social services- employment support- doctors- education facilities-welfare support- these are totally unavailable to local people-affordable housing will also be an issue when they are ready to move on in thier lives. I think this is probably a money making decision made by the univesity of Derby who considering the support they received by the council and locsl residents is a shame as the proprty has remained vacant for far too long and could be used for more suitable if not financial purposes.
