Submission: Objection

Comments: Buxton is a small town with its own major problems and does not need to import any more . We do not have the infrastructure in place to cope with the social and medical problems that would arise. What measures would be put in place to ensure that these people will be supported and not just dumped here and make the social problems worse.Can't this building be purchased for use for local people who need help. Any money used to support these people should be used for local people.
