Submission: Objection

Comments: This application proposes to build 8 more houses on an already busy road where traffic can build up in seconds. We do not need more cars and people causing more congestion. The building work taking down the church has already caused havoc in the area and further building of 8 houses will make it so much worse. The area proposed is a popular walking spot for dog walkers and people using it as a cut through we do not need added traffic on that road. Furthermore the area could be used for a green space which is sorely needed. We do not need more houses and more congestion in Glossop.
