Submission: Objection

Comments: The infrastructure in a town of Buxtons size is inadequate for this proposal to go ahead,it will be to the detriment of every single resident in and around the town.

Local people will be put to the back of the queue for medical,dental and many other services which we all rely on,us and our children.

On top of that it will turn in to a massively intimidating area especially for older residents and children,spreading out from the site in all directions.

This proposal,once approved,will never go away in our lifetime,it'll be a scar on the town for generations to come.

The council has got to put the existing residents at the front of their thoughts when assessing this application and in my view refuse it.
