Submission: Objection

Comments: There is not enough infrastructure in Buxton to support this application

The residents of the town do not have enough dentists, doctors, schools etc as it is with all the other housing developments

Buxton is a small spa town, it is not of a size where these people can be absorbed into the community and would obviously affect the policing within the town putting extra pressure on our local police force

Buxton survives on tourism this application will not enhance the town in any way and will not encourage more people to visit (in fact it will encourage the opposite)

The area around the halls will become intimidating to all who live in Buxton especially our older residents
