Submission: Objection

Comments: My partner and I strongly object to this development and will be impacted negatively. It will increase traffic on the road which is already very dangerous particularly at its difficult junctions with the A6 and A6015. Back up at the A6 is already a major issue with A6 traffic backing up. It must be protected as Green Belt land. There is no benefit to the immediate area as the power is going to Altrincham; the effect on wildlife and fauna is horrendous. Moreover Fire brigade is not equipped to deal with lithium battery farms.
