Submission: Objection

Comments: I object to the application as it does not directly state which category of person will occupy the bedsits just that they are non-students.

This is not a clear enough description.

If, what I hear in the public domain is true that the category of person it will be accommodating is an asylum seeker then I object on the grounds that the infrastructure of Buxton cannot support their needs. If the accommodation was to support local young people, for example, then they may already be registered with doctors, dentists etc.
