Comments: The location of Buxton is not suitable to house people with such vulnerable needs. The medical services are already stretched, i have had to wait weeks for a GP appointment. The nearest 24hr A&E is a considerable drive. The local police are also stretched with anti social behaviour allowed to happen with no action from them. Providing security and dealing with additional anti social behaviour would be impossible for the current police resource. These people should be housed in larger towns and cities have have the resources to be able to care for them.
