Subject: HPK/2023/0119 – AMENDMENT Full planning application for a new agricultural building. Haslin House Farm, Buxton. Further clarification questions for the applicant.

Hi Craig (and Rebecca),

I am the lead adviser at Natural England who has picked up the following case: HPK/2023/0119 – AMENDMENT Full planning application for a new agricultural building. Haslin House Farm, Dolby Road, Harpur Hill, Buxton.

Firstly, thank you for providing the additional information and the input data files that were previously requested.

Secondly, I have just a couple more questions, seeking clarification on the information you have provided so far and it would be appreciated if you could provide this information by the end of next week (Friday 21st July) or sooner, if possible. The questions are:

- Could you please confirm the total size of the cattle herd, both existing and proposed?
- It is noted that the existing livestock housing area is to become redundant however, are there any (currently known) other proposed uses for this area in the future?
- It is noted that the data which has been provided considers 2 source types (i.e. housing and outdoor yards) for potential emissions but the other sources types outlined in SCAIL (i.e. litter/manure storage, landspreading and grazing) have not been provided. Has an assessment of these other sources occurred? If not, can the data files for these source types be sent across to myself.

Please do not hesitate to contact me (using the below contact details) if you have any queries. Please note that I currently only work on Thursday's and Friday's however, if you wish to speak to another member of my team please contact Caolan via the following email address:

naturalengland.org.uk

Kind Regards,

Charlotte

Charlotte Griffiths
