Submission: Objection

Comments: I wish to object primarily on the grounds that the application seeks to build on a green field site, in contradiction of what Central Government is currently encouraging, although not law it is certainly against the spirit of the governments wishes. there is a brownfield site available close by which should be used in preference. I feel the developer is cherry picking the sites for their own benefit and not for that of the people of Buxton.

Also is there any provision locally for additional facilities such as schools and doctors, which this development would obviously require

Regards

Peter Pollard
