Comments: I very strongly object to turning the halls into an asylum center, if it was for families escaping war I would be all for this but it's going to be mostly or all males coming in. It will put pressure on the very thin resources left in Buxton and raise tension and stress to braking point. The children of Buxton will be in constant threat as will not be allowed to get a job and will be hanging around town where most of our population of teens and children will be late at night are you really willing to risk our childrens safety and possibly ours for money and corruption. You need to think about how far people will go to stop this.
