Submission: Objection

Comments: I completely object to this planning application. Our town cannot cope with the influx of refugees. We have no services for the people that already live in the town. We cannot get doctors, dentist appointments etc. We have our own housing problems where the younger community are unable to get on the property ladder and need affordable housing for themselves. Let's look after our own communities and provide accommodation for them. Housing the refugees will destroy our tourism in the town and visitors will simply not come making businesses close. Do not give this planning application the go ahead!
