Submission: Neither

Comments: I would like to express deep concern over the potential use of this building based on the current application proposal.

Firstly, Buxton does not have the infrastructure to house up to 300 people, we are already in deep despair with our doctors and emergency services, school places, need I go on.

We also have many many local residents who are in desperate need of accommodation, who don't appear to be able get any help from the local council, we need to be helping our own residents first! This application appears to have been logged under the radar by the University of Derby and HPBC, conveniently just following the local elections which shows an underhand and quite honestly a total lack of respect for voters and local residents!

Not to mention the safety of our town and its residents in housing up to 300 people with no know records or criminal background checks.
