Submission: Objection

Comments: I strongly object to the Halls being used to house immigrants. Buxton does not have enough doctors, dentists and social care services for our own residents and can't support extra people. I'm all for supporting and helping people who genuinely need our help but alot of the people coming over on the illegal boats are men and not women and children who really need help. Why are they going through perfectly safe countries to get to ours? I'm also greatly concerned regarding the residents of Buxton and surrounding areas who are women and children, can you guarantee our safety. Different religions don't accept women the same and often see women as things to be abused. Very concerned regarding the possibility of the Halls being used for them. Their are plenty of local people who need housing. Charity should start at home. Please don't do this.
