Submission: Objection

Comments: I wish to object to the planning application on the following grounds:

I have been a long term resident of Buxton for over 30 years. The volume of houses and housing estates that have been built during that time, particularly recently is extensive. In relation to the volume of new residents we have had no additional schools, doctors or dentists. Waiting times for doctors is diabolical with one practice been under special measures. All facilities are at breaking point.

This application should be thrown out. We should be providing for local persons whom are in desperate need. Rental housing and social housing is just unaffordable for many people.

Crime and drugs are the worst they have ever been, both in and around town. If this application has been reserved for single Individuals due to the size of the units then it will no doubt be single males that will be utilising the accommodation. Crime and unrest will rocket.

This application appears to have been kept under the radar to prevent objections. Why are workmen already in the building?

I believe the public meeting is set for 1st August @ 1.30pm. How are local people able to attend when most people work till 5pm?

Are public accounts available to be viewed as to how much money these units would be funded for each individual from the government?

Buxton people are passionate about their town. I would have happily walked home years ago but no longer feel safe. The permission on this proposal will only make matters worse.

Buxton's tourist industry will also be affected, as crime and unrest escalate, tourists will choose elsewhere to

take their custom.

High peak borough council have spent millions on recent alleged improvements, Buxton Market place, Fairfield round about and now the high street. Local people are still to see any improvement from any of them and yet no one is accountable. This application needs to be denied.
