Submission: Objection

Comments: I strongly object to your proposals to house immigrants in Buxton because they are mostly male, they will dominate the town centre, as has happend in other countries .

People especially lone females would not feel safe to walk about doing their shopping etc.

Buxton GPS are already inundated with NHS appointments and do not need any more work.

I suggest that any councillors that approve this proposal should be made to live in the same complex to see for themselves what it would be like.
