Submission: Objection

Comments: I strongly am opposed to this application to turn High Peak Halls into a hub for illegal immigrants. The council have never asked the people of Buxton for their opinion on this matter and have put the application in without even considering our thoughts. To not even ask the people of Buxton what they think of this before trying to get it passed just shows that the council are trying to do what's best for them and not what's best for Buxtonians, for councillors to try and bulldoze this application through without even mentioning their plans is very wrong and very unfair.

Buxton is my hometown, my family have lived in this town for over 500 years and I love my hometown and I am strongly against the council treating it this way, not letting us know what's going on is not democracy, and as councillors you work for the people of Buxton and should abide by our wishes and not the wishes of the establishment in London and in Brussels!... I want this application to get returned back to the University of Derby and for it NOT to go through as Buxton has very high unemployment and putting more migrants here is just going to make it even worse, doctor surgery waiting times are through the roof as it is and having more migrants here will make it hundred times worse, we don't have enough dentists in town as it is so to put migrants here as well is just ridiculous.

I think it is very greedy of High Peak Borough Council to make us take more migrants in when we have consistently rejected at every election but you are just ignoring us. We said time and time again that we don't want this but you just ignore us and do it anyway, this is not democracy.

I understand that the councilors will make a lot of money by accepting all these migrants but I ask them to think and have a heart for ordinary Buxtonians like myself, your priority is to keep us safe and not to force migrants on to us. Also, having all these migrants pushes wages for local people down and many Buxtonians will lose their jobs because many big businesses will employ the migrants over local people.

I ask you to refuse this application as it is unethical and is wrong.

Evonne McMullan.
