Submission: Objection

Comments: I object to the use of the halls as I believe the people occupying the halls will be a threat to the general public, there are no police stations near by, the local businesses will loose out as the general public would not like to sit in establishment with a load of asylum seekers, I personally would not feel safe to walk around Buxton, plus there is not the inferstruction to accommodate more people, there are 3 doctors which are struggling with having no GPs also schools are struggling, this will not help the people of Buxton having more people who take from the community, you should look after the People of Buxton first, its all about money, and what you can receive for taking these people in
