Comments: The local social and economic infrastructure cannot sustain the proposed usage of the building. This is particularly relevant given current NHS pressures locally, ongoing struggles with managing criminal behaviour in the area, and the inevitable negative impact on local businesses / tourism. These problematic outcomes will affect surrounding towns and villages, creating irreversible changes within the wider area of the High Peak.

The number of asylum seekers taken into this accommodation will greatly exceed the home-office mandated limit of 1 asylum seeker per 200 in the population.
