Comments: Planning should be refused -

the application is vague in its intent to house migrants

the local infrastructure is at breaking point already - congestion, medical treatment, lack of police and the fact criminals now can't be housed in Buxton exacerbates the lack of police while they are transporting prisoners out of the area

Planning was passed for students not adults with no income - the lease was agreed upon and just because the university couldn't fulfill their obligations that is no reason to allow them to change planning use. Other applications where change of use of an outbuilding had been refused and has no affect on anyone should be the benchmark for this application. Change of use will have a massive impact on neighbours and the value of Buxton as a place to visit.

Buxton is already crumbling and cannot afford the pressure of housing non local, unemployed people who will not contribute to the economy

Shame on HPBC for not agreeing change of use for Ukrainian families whose lives were in real danger
