Submission: Objection

Comments: I strongly object to the influx of 200+ in the town. We certainly do not have the infrastructure to support these people and the halls are right in the town centre meaning these people will be hanging around our town and parks and possibly intimidating, as they will not be allowed to work. Also we live near Fairfield road which is already a massive trouble and drug spot and the hall will be adding to that! Surely the halls could be used for local housing as once the assylum seekers are here are town will never be the same again. You as our local council have a responsibility to consider your local residents who are very much opposed to this move so I would expect you to reject this proposal.
