Submission: Objection

Comments: The town simply does not have the infrastructure to cope with this kind of development. The schools, doctors, dentists and other services are already stretched to the limit. This will only get worse with all the current developments under construction along with others in the pipeline. The nature of the accommodation that this development is to be used for will cause a whole host of other issues for the town, notably crime, anti social behaviour and intimidation as witnessed in other areas of the country. This is wholly unfair on the residents of this wonderful town along with the tourists who are a great asset to the businesses and the general vibe of Buxton. This application needs a serious re-think before irreversible damage is done to this great town.
