Comments: The plan to house migrants in the property is wholly unacceptable. It would be massively detrimental to the area in terms of tourism, and the safety of the towns population in general. It is proven in other ares where the "schemes" have been bought into practice, that anti social behaviour and crime rates rise. As a father of someone who will have to pass the area on their way to their educational premises, I'm rightly concerned for their safety. The towns lack of a proper police station also brings into serious question, the suitability of this change of use. The town itself is seriously lacking in the health infrastructure to support this many non contributors to the locality, as the current residents struggle to get doctor or dentist appointments. I strongly urge the planners to reject the proposal, as housing that many people of unknown backgrounds in such a condensed place, will be a melting pot for trouble.
