Submission: Objection

Comments: This is an appalling use of the student halls that could be used to home homeless people or ex service people even make it a joint venture and get the ex forces to teach the homeless life skills. Also the migrants will put an unrelenting burden on the towns already suffering health and social structures. The crime rate will certainly rise and confrontation between residents and migrants will put even more pressure on our minimal police force. Begging shoplifting and intimidation will become a major problem.
