Submission: Objection

Comments: It is not in Buxtons' best interest.

With the current housing being built, while a lovely initiative, I fear there's a lot being missed. As it stands (I work within three GP practices) appointments are at an all time high already. Our doctors are struggling to cope, our receptionists have never been more depressed and our nurses are suffering incredible hardship.

The UK is struggling to look after its own. I, like many others have to work not one but two, even three jobs just to pay off the bills, let alone even have a social life. We've got no homes for the up and coming generation, no appointments for those in genuine need and no amenities for the youth.

It is completely unfair and problematic that we are working so hard to be able to fund our homes and lives.

I was denied PiP, but they get it free.

I like many, contribute to the system and get next to nothing back.

By allowing this project to go through, it will essentially be the 'nail in the coffin' for Buxton. It has taken years to finally get developments to go through, such one being the Crescent that has not long opened after being shut down and desolate for around ten years.

Allowing this project to go through will also cause more issues for Buxton's SNT teams who are spread sp thin, basic calls are no longer seen to, emergencies not being attended or looked at properly.

In conclusion, help Buxton by helping our citizens first. We don't get the same treatment abroad. Regardless of any propaganda stating otherwise.
