Comments: Allowing high peak halls to house asylum seekers is inviting massive issues post arrival. the facilities are woeful as it is doctors surgery full dentists full..it's an extremely small town. the police are stretched to the limit as is so not much help there over time..and sending for extra police resources ie Manchester/Stockport will be difficult.

The town is a beauty spot for lots of UK people who love Buxton and visit regular in a small space of time that will slow down. the asylum seekers through boredom will start to explore the surrounding beauty spots ie goyt valley..grinlow...green Fairfield ..to name a few this is where locals dog walk out for the day with family..this subject can go on and on can you not approach towns which already house these people and pick the brains of the local population to hear their issues.

It's a very sore subject for locals who do not want it
