Submission: Objection

Comments: I strongly object to this application because -

The police have already indicated that Buxton has serious anti social

And drug issues and that this site is unsuitable for its proposed use given its location. Assuming that there are no jobs waiting for

The single vulnerable people who take up residence one can only conclude that they will wander the streets. Whether they are asylum seekers or not this would be the case. Local services are over stretched - where would these people access doctors or dentists? This council needs to consider what is best for its local community and not what is most lucrative for the university or the political objectives of central government. The accommodation is only suitable for individuals and the university have made it clear that this means asylum seekers to them - they should not

be able to dictate this.
