Submission: Objection

Comments: I strongly disagree with this planning application. To change the dwelling so it is capable of housing asylum seekers who would be mostly male. Would put a huge strain on the towns resources which are already at breaking point. The increase in crime and anti-social behaviour will increase exponentially with virtually zero police presence to combat the dramatic increase which will definitely occur. Never mind the detrimental effect that will occur with the decrease in visitors to the town and the potential vast risks that will increase to the female population of the town.
