Submission: Objection

Comments: With a severe deficit of facilities in Buxton for education, health care, and social housing for current residents, I cannot understand why bringing additional residents into the town is even a consideration. Buxton has no jobs, limited education facilities, woefully few options for low cost housing, and almost no entertainment facilities. This building should be used to house current residents, or create a facility to enhance the needs of the local community.

I have no objection to refugees, but the Buxton doesn't have the facilities or economy to support them, as it doesn't support its current residents.
