Comments: A lot of money has been spent on Buxton to develop it as a tourist centre and a place of beauty. The town has been slowly rejuvenated after years of neglect and is now a popular visitors destination . Housing so many asylum seekers will reverse all that hard work and planning and Buxton will once again be a struggling neighbourhood. Affordable housing is greatly needed for our local residents and young families, who surely should be given priority to adapt the university buildings for local homes . Schools and health services are already stretched to capacity and public services will struggle to cope and keep on top of the towns health and safety . Buxton is not a crime hot spot at this time and I fear this proposal may impact hugely on the community and contribute to the decline of the area and on residents wellbeing .
