Submission: Objection

Comments: I oppose these plans for a number of reasons. The main reason being the safety of our community. The men that will be housed here have arrived here illegally and without any criminal checks, which therefore leads me to believe that the welfare of our community has not and is not being considered. These men cannot legally work so will be loitering around our public areas. Buxton is not big enough for this kind of establishment. Our small businesses are already struggling without this plan deterring tourists from visiting due to concerns for their safety. Also, where are the women and children?
