Submission: Objection

Comments: The impact on the surrounding area and given the location of the proposed dispersal center is within 100 meters of the commercial and tourist center of Buxton would be immense. Circa 275 asylum seekers with nothing to do will no doubt impact the immediate vicinity and the wider Buxton area along with invaluable tourist trade as they loiter about.

In addition, there is little police presence in Buxton and the surrounding ares and public services in general are stretched to the limit, the additional pressure on the system from those who are not contributing will be damaging to those that do and have paid into the system.

There are many local individuals and families in need of accommodation, they should take priority over economic immigrants.
