Description

Please describe details of the proposed development or works including any change of use

We bought our property in October 2011.

In September 2022, we removed the rear 4ft wooden fence in our back garden and erected a new wooden fence approximately 1.6 metres behind the previous fence.

Following a complaint from our neighbour in October 2022 to High Peak Council, we spoke to Andy Thomas (Compliance and Monitoring Officer) at High Peak Council in November 22, who advised that our new fence isn't a breach of planning control, and can stay erect, but the use of the extended land may require planning permission if we wish to use it for residential/domestic use.

Andy advised us to put in a 'Household Planning Enquiry' form which we did (Ref No. PD/2023/0018) in March 2023. Subsequently, Trainee Planning Officer Rachel Robinson emailed us on 30 March 2023 to advise that full planning permission is required in order to put decking down for residential use - under the provisions of the 'Town and Country Planning Order 2015'.

Following Rachel's advice, we wish to request a change of use and full planning permission to add decking (approx 18.8 square metres) for residential/domestic use only. We've already been maintaining this section of land for the last 11 years by pruning the bushes that have been growing over and through the previous 3ft fence.

Has the work or change of use already started?

☐ Yes

☒ No

Existing Use

Please describe the current use of the site

The current site isn't in use - it is unusable and currently churned up soil following the extension of the fence.

Is the site currently vacant?

☒ Yes

☐ No

If Yes, please describe the last use of the site

The site was last used in October 2022 just before we replaced/extended our rear wooden fence. We've been maintaining this section of land for the last 11 years (since 2011 when we moved in) by pruning the bushes that were growing over and through our previous 3ft fence. Prior to us habitating the property, the previous owners put in a wire fence behind the original rear fence/residential curtilage to cordon off the area and use it as a dog run - this wire fence still exists 10cm behind our new fence.

When did this use end (if known)?

06/10/2022

Details of the pre-application advice received

The advice from Rachel Robinson (which I've included in the uploaded documents) said:

Thank you for your recent request regarding the need for planning permission for the above proposed development.

Further to the information supplied to us for the proposed development we can confirm that under the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015, planning permission is required.

The area of land where your garden has been extended is not considered to be within your domestic curtilage. As such in order to use this section of land for domestic purposes you will require a change of use application.

Furthermore, in order to install decking on this land you will need planning permission as it is outside of your curtilage area. Any land you own which is considered to be outside of your curtilage does not benefit from permitted development rights.

As such planning permission will be required to both change the use of the area of land to domestic uses and to install decking.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
