Submission: Objection

Comments: I object in the strongest terms to the University of Derby's application, for a Lawful Development Certificate for a proposed Occupation of non-self-contained residential accommodation (bedsits) by non-students i.e. Single male asylum seeker accommodation for ~300 individuals.

Buxton simply does not have the infrastructure to support asylum seekers. It barely has the infrastructure to support its current council tax paying residents & businesses.

Buxton and it's neighboring Peak Park is an area continually striving to build its tourist economy and its appeal as a destination for visitors. This proposal would have a negative impact to this.

The safety, health and wellbeing of the Buxton and neighboring residents, businesses, service providers, Schools & visitors etc, must be of the upmost priority by the elected leaders of our town. This proposal would have an extremely detrimental impact on the daily lives & freedoms of all.
