Submission: Objection

Comments: I would ask that this application be returned to the University of Derby. Full transparency and consultation should be made with the immediate community and those of us who work/have extended family within Buxton.

It is certainly not an ideal location for what we hear it will be used for - accommodation for those applying for asylum arriving into the UK by suspect means.

This building is first and foremost be made available accommodation for locals within the community.

There is already a lack of GP appointments throughout the High Peak and NHS dental care is non-existent with the whole of the High Peak and Derbyshire Dales and more. The councils should be looking after the local communities first and foremost.
