Submission: Objection

Comments: I object to the application for the following reasons. 1) the proposed site is very close to the commercial, retail, and tourist center of Buxton and will have an impact on the economy, the number of tourists/visitors, and local footfall in the area. 2) there will be increased noise and the potential for disturbance and nuisance by the asylum seekers with the concomitant detrimental impact on local residents and businesses. 3) There is insufficient policing, health and social care capacity, and infrastructure to accommodate the needs of the high demands this group will exert on services that cannot accomodate local needs and demands currently.
