Comments: I'm concerned that the applicant doesn't know how foul waste will be disposed of.

The response to the question on the hours of opening being relevant is no, yet from the plan it appears there is access from the business to the flat upstairs. So my understanding is that the flat has 2 entrances, and one of them is via the barbers shop which will only be accessible during the opening hours. Is that permissible?

Having had a coat of paint the external staircase is much improved, however I do not understand the purpose of the timber and plastic canopy. In addition it is quite ugly so I support the comment made by the principal conservation officer.
