Submission: Objection
Comments: this application is unreasonable

these halls if proposed will house ~300

no work no facilities no policing

in places where this scenario has already been played out and where there has been much greater support these 'groups' have single handily turned whole towns into no go areas.

Buxton has been a tourist destination for many years and does not have facilities to cater or cope with this.....the safety of the populous would be in question as the lack of a visible police force to stop any misbehaviour would not be sustainable as per the comments of the Police and the Police Crime Commissioner too.....practically every faction of the locale has objected to this....the University have already profited from this town to an inordinate degree and are planning on turning it into a 'dumping ground' for no other reason than profit...please throw this application out
