Comments: There is not enough housing in the area already for local people, Social housing is extremely limited, the homeless officers at HPBC are already under huge stress and under resourced. Local people can not afford to private rent or buy. This will lower our house prices in the area. It should be turned into accommodation for local people and the homeless officers at HPBC should be able to utilise the building. the likely hood is that there will be more crime in the area that will come should this ridiculous idea be passed.
