Submission: Objection

Comments: I object due to the opposed 3 storey Flats. The entrance to forge manor needs to continue to have the buildings set back from the main road, also with 9 flats over 3 stories potentially indicates the use of another 9 vehicles minimum or for commuting couples 18+ cars coming on and off Forge Manor & this would put more strain on the Bridge while Entering & Exiting. Rain & past flooding on the front and entrance to forge manor would also potentially cause flooding to the lower levels of the flats as this gathers close to the scout hut & then flows onto and into forge manor at the exact start of opposed 3 storey flats, this may also not be safe if the lower ground continues to be soft?
