Comments: Planning for asylum seekers to be housed in Old Uni flats.

I think its ridiculous to even think of this application.

The infrastructure in the town is already suffering because of the added houses being built and there waiting lists for months just in the doctors.

The hospital may as well not be there because its useless and needs extending or moving the location to elsewhere to accommodate more people as Buxton itself is getting bigger.

There's a lot of people in Buxton struggling to meet end meet as it is and.now instead of making these halls into affordable housing for either elderly people or quite simply.peoppe who are on low income, people of the town and people that have lived here years!!

The fact this is even being considered is outrageous and I could go on and on with the list of reasons why Asylum seekers should not be put in to the accommodation.

Look at the trouble caused by immigrants elsewhere, its not a coincidence. As soon as some of these men realise that yet another service such as the police force in the town are more or less non existing because yet again the station has been made almost redundant. This all being calls made by councils and the ones who are suffering because of this are the residents of this town. Look at the amount of theft that happens now compared to 5-10 years ago its an absolute shambles the job the councilors are doing and they should be ashamed of what they're turning Buxton into. A feeder for the bigger cities. I think the council need to take a long look in the mirror and start putting people.in the town before people that aren't from here!!
