Submission: Objection

Comments: I consider this a most unacceptable and inappropriate change of use from student accommodation to housing asylum seekers

Having witnessed the effects in other areas subject to an large input of young asylum speakers it concerns me for the safety for them and local residents alike and the effect to the area in general

Buxton already suffers from a shortage of key services in particular doctors, dentists and social care etc, this can only make the situation worse to the detriment of Buxton residents

I implore the planning committee to reconsider this application and for the college to find a more realistic use of the building, for example there are plenty of buxton residents desperate to find accommodations in the town
