Submission: Objection

Comments: I object to this proposal on the grounds that there are no services to support the large proposed influx of people proposed to be housed in this accommodation. There are no plans to increase the provision of, for example, dentists and doctors. There are also a lack of activities in the town for entertainment and if you add this to the fact that housing a large number of single individuals together can lead to trouble We have seen it can be a problem when it's just a small number of people, most people have witnessed police in and around the same few properties in the town. Which leads me on to my next point of who is going to police this venture because I doubt the local Police Force have the resources? The population of Buxton has quite a large proportion of vulnerable people made up of both elderly and disabled who could be intimidated

Significantly, in addition to my comments about lack of supporting infrastructure and services, this is a tourist town. We depend on visitors to survive. This would kill the tourist trade. PLEASE REJECT THIS APPLICATION, don't just refuse it.
