Hi Rebecca

The proposals are relatively low impact, with no additional power generation, just the provision of batteries for energy storage. You should consider if conditions on approval HPK/2017/0424 should be transposed across to this development.

Hi Matthew,

I've recently been allocated the above application. The deadline for comments had passed but I need your comments/conditions.

Not sure if you've already sent comments and they haven't been saved on our system.

Please can you forward or send the comments.

Thanks

Rebecca
