Comments: A similar bigger site was proposed not long ago and rejected with good cause, and not viewed favourably by us local residents for many many reasons, but here I will name but one. We do not need any more camping facilities in the area. We have 3 other well proportioned camping/caravan sites in Chapel, Chinley and Combs, all a mile or so of the proposed site to this one, so it is therefore surplus to requirements. We are already overdeveloped as an area, leading to issues such and traffic and much of our natural beauty has been destroyed by developments in recent years. We locals intend to oppose such a development that is not needed to ensure that the character and greenery of our area is preserved and we can continued to be a 'gateway' to The Peak District. In recent years there has been too much development of new build housing not in keeping with our local character, and if this site is approved when it is not needed then that opens the doors to such sites to aquire further planning permission to do the same in the future. I hope this time the applicant (given he is not a local resident) respects that notion and does not again intend to keep proposing something that has already been rejected, and which locals are unhappy with. We wish for the area to remain as is.
